

Sports Premium Funding – 2015/16

This year Outwoods Edge has received a total sports premium of £9755.

We have employed a Sports Ambassador whose role is to facilitate and support PE lessons and extra-curricular opportunities across the school. Our Sports Ambassador works with all year groups, including the Foundation Stage, to support the PE curriculum. In addition to this they are running competitions at lunchtime and afterschool sports clubs.

As well as our Sports Ambassador, we have also employed a PE specialist to support our Newly Qualified Teachers and other staff members who require any further training. Our PE specialist is also organising Level 2 sports tournaments, involving other local primary schools, which we are hosting at Outwoods Edge throughout the year.

As well as basic equipment to support PE across the school, we have also invested in the Team Charnwood School Sports Package. The package offers Level 2 sports competitions for both key-stages, sports leadership training for children as well as staff training opportunities in many areas of PE.
